[Study healthy ↗](#)

Welcome to TH Köln!

When you first arrive at our university, there'll be lots of new things and information to take in. *Getting Started* aims to provide a fast-track guide to student life at TH Köln. In addition to your actual program, the university's Library, Department of International Affairs and Academy of Continuing Education – to name but a few – offer a multitude of opportunities to promote both your professional and your personal development.

This guide brings together everything you need to know about these services along with a list of contact details. Whether you're interested in the student association meetings or need advice about something, just pop by or schedule a consultation – we'll be happy to answer any questions you have.

21,500

students are currently enrolled at our university. In total, TH Köln offers more than 43 Bachelor's and 52 Master's programs as well as career-integrated models and part-time programs parallel to professional employment.

Our culture

Project-based, interdisciplinary teaching

TH Köln – University of Applied Sciences is an on-campus university. Just like personal exchange, chance encounters on our campus sites also enrich everyday university life and often lead to new ideas, projects or even a change of perspective. At the same time, your studies are characterized by a pronounced digital orientation. Digital learning material enable individualized learning and location-independent collaboration. There are three tools in particular that are outlined on [page 7 ↗](#): ILU, THspaces and Zoom. Furthermore you can make use of Chat GPT in a protected environment.

During your time with us, you'll also often come across concepts such as "university-wide interdisciplinary project week", "flipped classroom" or "problem-based learning" – all learning/teaching formats that go beyond the traditional style of lecture.

We use problem-based and project-based learning to develop scenarios that specifically reflect situations in which you'll find yourself in your future career. This often entails working on real projects for companies, institutions and society. Another approach you'll encounter is "inquiry-based learning", in which you'll be involved in professors' research by carrying out projects of various sizes or you'll help develop study materials for future students. It's also quite common for students to collaborate on a project with peers from other programs.

So we give you more freedom than you're used to from school but we also expect you to take on more responsibility for your own learning. There are also tutors and mentors on hand – usually students from later semesters – to support you during the initial stages of your program. The faculty student associations will be happy to help too. You can find out more about them on [page 14 ↗](#).

We believe that a feedback culture is an important part of good teaching practice. During your program, you'll get to participate in evaluations by rating your seminars and courses and telling us about your experiences and what changes you'd like to see. There's also a feedback management office that you can contact about anything you want to discuss. For more information, turn to [page 11 ↗](#).

Your basic tools at TH Köln

MultiCa, campusID, WiFi and IT

Your Student ID Card: The MultiCa

You have received your MultiCa by mail after your enrollment. This card will play an important role in your everyday life at TH Köln. The multifunctional smart card serves as your student ID card, your library and copy card and it gives you access to the university lockers. It must be revalidated every semester. In the [campus maps ↗](#) of the university locations, you can find the validation stations and the rechargers where you can load money onto the card.

What data is saved on the card chip?

Only the serial number of the card, your student ID, a status indicator (For example, students, guest auditors, etc.), the University library number and the period of validity are saved. Only the amount of your credit is saved on the card but no information on what it was used for.

You will find all current regulations and further additional information on: [th-koeln.de/multica_en ↗](https://th-koeln.de/multica_en)

Our faculties

MultiCa

campusID

The campusID is your personal university account. With your enrollment, a campusID was automatically created for you. Your user name and the initial password for the first login were sent to your private email address. To activate your campusID, please follow the instructions in the email. After activating your account, you can set your own personal password.

The activated campusID gives you access to many university systems such as your email account, ILU, CaMS, PSSO or the university WiFi. Don't give hackers a chance – protect your campusID not only with a secure password, but also with multi-factor authentication (MFA). Further information and instructions are available at:

th-koeln.de/campusid (in German) ↗

th-koeln.de/mfa (in German with english subtitle) ↗

WiFi

Eduroam, the university Wi-Fi service, does not only give you internet access at TH Köln's sites, but at every campus of an Eduroam university around the world. However, your device must comply with a few specifications. For information on the specifications and on setting up your Eduroam access, go to:

th-koeln.de/eduroam (in German) ↗

VPN

You can access all services available on the TH Köln university network via a VPN connection, even from home or on the go. To access the

university's internal services, you will need to install the Cisco VPN client on your computer, notebook or smartphone. Different versions of the Cisco VPN client are available.

For more information and instructions, go to: th-koeln.de/vpn (in German) ↗

Email

Your campusID will give you access to your personal TH Köln email address. TH Köln uses this address to provide you with important information on your studies. That is why it is important that you check your emails regularly. Usually, this email address has the following structure: `firstname.surname@smail.th-koeln.de`

You can use a webmail service to conveniently access your emails through your web browser. It is not necessary to install a separate email client. To access your emails via webmail, use the following link: <https://webmail.th-koeln.de/login.php> (in German) ↗

You will need your CampusID to log into the webmail system. Alternatively, you can access your emails via clients such as Mozilla Thunderbird, Outlook, or Apple Mail. You will find the

You can reset your campusID password via the campusID website. The *Forgot your password?* function gives you access to your personal account, where you can choose a new password. The *Forgot your campusID?* function will send your campusID username to you.

For further information and instructions, go to: th-koeln.de/campusid (in German) ↗

necessary configuration data and further information on our website.

The campusID Center (campusid.th-koeln.de in German ↗) also allows you to forward incoming emails to a private email address.

You will find further information and instructions on: th-koeln.de/smail (in German) ↗

ILU

ILU is an open-source learning platform that you will use in your everyday life at our university. On ILU, teaching and learning materials can be created and shared online. Furthermore, students as well as lecturers may interact and collaborate on this platform.

<https://ilu.th-koeln.de/> ↗

THKI GPT-Lab

THKI GPT-Lab gives you free and data protection compliant access to a large language model, using ChatGPT from the American company OpenAI. By providing this service, TH Köln wants to give its university members the tools to explore, reflect on and evaluate the possibilities and limitations of artificial intelligence independently.

ki.th-koeln.de (in German) ↗

THspaces

THspaces is another important tool for your everyday life at TH Köln. It is a social learning environment for digital learning, where students and professors can create virtual study rooms. There, they can communicate during classes, consult with each other in project teams, create portfolios or publish project documentation. Homepage, the front page of THspaces, allows you to publish announcements, suggestions or tips, or to comment on them.

spaces.th-koeln.de (in German) ↗

Zoom

Zoom Meeting Education is a web conference service for up to 300 participants. All students at our university can use the service, as a browser version or as an app. All you need to do is register with your email address or CampusID.

th-koeln.de/zoom ↗

Additional services

Campus IT provides students with the following additional IT services

- sciebo (30 GB Cloud storage) th-koeln.de/sciebo ↗
- Office365 Teams (in German) th-koeln.de/teams ↗
- Software for students (in German) th-koeln.de/software ↗
- PC Pools at Deutz Campus (in German) th-koeln.de/rechner-pool ↗

Academy of Continuing Education

Lifelong learning and the continuous expansion of the personal educational process - the Academy of Continuing Education offers a wide range of options for all members of TH Köln as well as for professionals. The offers for students are free of charge.

th-koeln.de/akademie (in German)

Within the academy, you will find:

Center for Soft Skills Development

Here, you can attend seminars that support you during your studies and prepare you for the working world: communication, teamwork, leadership skills and many more.

th-koeln.de/kompetenzwerkstatt (in German)

Writing Center

The Writing Center offers seminars and workshops, advice and digital self-study materials for academic writing.

th-koeln.de/schreibzentrum (in German)

Language Learning Center

At the Language Learning Center, you can benefit from language modules and workshops, language tests and assessments, consultation services and offers for independent language learning.

th-koeln.de/sprachlernzentrum

Hochschulbibliothek (Library)

TH Köln's four interconnected campus libraries provide extensive information services for students. Their wide selection of resources, the browsable online catalog and numerous specialist databases mean you benefit from a varied range of information, specifically tailored to the programs at TH Köln.

PC workstations, scanners and copiers round off the information infrastructure. All digital media, like ebooks and e journals, can also be accessed from home via a VPN.

The library's YouTube channel has a number of "how to" videos (in German) with guidance and tips on how to use the library's services, VPN access and the borrowing process. If you need additional assistance to find what you're looking for, the service desk staff at your campus library will be glad to help – in person, by phone or by email.

th-koeln.de/bibliothek

Do you have questions about IT services, or do you need help?

- Campus IT service desk:
0221-8275-2323, support@campus-it.th-koeln.de
selfservice.th-koeln.de
- on-site support: th-koeln.de/vor-ort-support
th-koeln.de/campus-it (in German)

Zentrale Studienberatung (Central Student Advisory Service)

The Central Student Advisory Service supports students throughout their entire studies. Advising topics include information on starting your studies, support in case of doubts or hurdles during your studies (360°-Beratung), study financing, volunteering at the university, and postgraduate opportunities. Please get in touch if you have any questions. Further information and contact details www.th-koeln.de/Studienberatung (in German) ↗

Career Service

The university's Career Service advises students on employment opportunities both within and outside of academia. It also offers workshops and seminars (including for graduates), can help you find an internship or a thesis topic and runs a mentoring program for female students. th-koeln.de/career-service (in German) ↗

Department of International Affairs

The Department of International Affairs works closely with other parts of TH Köln to perform a wide range of tasks. They include shaping and driving the university's internationalization efforts, organizing a variety of activities and international academic placements for students, and advising TH Köln's international community.

Whether you're looking to go abroad to study, do an internship or attend a summer school, the International Mobility team are the people you need to talk to. We'll advise you on what you need to do and what funding is available. The Degree-Seeking Students team is the first point of contact for international students. If you have any questions regarding residency/employment law, rules for entry into Germany, visa requirements, or cultural activities and sports in Cologne, feel free to get in touch any time.

If you need advice, we'd be happy to schedule a meeting with you. You can also reach us by phone or email, or arrange a personal Zoom meeting with us.

th-koeln.de/international ↗

Feedback Management

Do you have suggestions, complaints, questions or praise on academic affairs, organization and services at TH Köln? Feel free to contact our Feedback Management with your issues.

All feedback is treated anonymously and confidentially, checked carefully and processed individually together with the department(s) concerned.

th-koeln.de/feedback ↗

The Office of Student and Examination Services offers you two portals with a variety of self-service functions.

The **campus management system CaMS** is used for student administration. You can use it for the following:

- Editing your personal and contact details
- Getting information on your fees and payments
- Getting information on your programs and your re-registration for the upcoming semester
- Submitting online applications/requests, e.g. for leave of absence
- Downloading documents (certificates of enrollment, BAföG certificates, notification and certificate of disenrollment, pension insurance certificate)

You can access CaMS via this link: <https://cams.th-koeln.de> ↗

Further information is available here: www.th-koeln.de/cams_en ↗

In addition, there is also our **Online Examination and Student Services (PSSO)**.

This platform offers a range of services related to examinations:

- Registering for and deregistering from examinations
- Printing transcripts of records and checking your examination results

Login link: <https://pssso.th-koeln.de> ↗

Information and instructions: www.th-koeln.de/pssso_en ↗

Both CaMS and PSSO can be used once your campusID has been activated. For PSSO, you will also need transaction numbers (TAN). You will receive the first TAN list by mail together with your MultiCa.

If you have any questions about CaMS and PSSO, the Student and Examination Service will be happy to help you (**contact on page 8** ↗).

CaMS
& PSSO

Scholarships

We have collected **useful information on scholarships** ↗: Please find details on federal financial assistance (BAföG), student loans or other support – e.g. the scholarship Deutschlandstipendium.

The Graduate Center is the central point of contact for those interested in pursuing a doctorate, doctoral researchers, postdocs and supervisors. We offer advice to students who are considering an academic career on all questions relating to doctoral studies. th-koeln.de/wissenschaftliche-karriere ↗

Graduate Center

MultiCa stations

Students may charge money on their MultiCa at one of our MultiCa stations using your debit card (EC-card oder Credit card). The stations can be found on the **location maps** [↗](#). You can find up-to-date information on the use of your MultiCa on

th-koeln.de/multica_en [↗](#)

Validating stations

At the beginning of each semester, your student ID card 'MultiCa' needs to be validated, i.e. the chip is activated for the current semester. MultiCa stations are indicated on the **location map** [↗](#). Current information on validating the MultiCa is available at

th-koeln.de/multica_en [↗](#)

Mensa (Cafeteria)

The dining halls ('Mensa') are operated by the Kölner Studierendenwerk (KStW). The menu changes every day and includes vegetarian and often also vegan options. Additionally, every dining hall has a salad bar. The KStW also operates numerous coffee bars and bistros that offer snacks and beverages. Accepted payment methods are debit and credit cards as well as Google Pay and Apple Pay.

www.kstw.de/gastronomie (in German) [↗](#)

Printing, copying, scanning

In our print shop on the Deutz campus, we offer digital prints of professional quality. You can also print, copy and scan at any of the printing and copying machines in our buildings.

th-koeln.de/druckerei (in German) [↗](#)

A disability does not have to be an obstacle: This is why TH Köln offers students with health impairments the possibility to enroll in a disabled-friendly degree program. You are provided personal and confidential advice from the officer for students with disabilities on different issues such as special applications, living and accommodation, study assistance as well as disadvantage compensation. Please visit the following link for further information on your support:

th-koeln.de/best (in German) [↗](#)

Parking lots and toilets can be found on the **locations maps** [↗](#).

AStA (General Students' Committee)

The General Students' Committee called AStA is the executive authority for students' self-administration at a university. The General Students' Committee is elected by the Student Parliament and represents the students' interests regarding the university. The General Students' Committee offers advices on legal matters, study financing, studying with children, examination issues, working and social insurance. Additionally, it is the contact for international students, students with disabilities or chronic diseases as well as for students with general worries and needs (psychosocial support).

familienservice@th-koeln.de

th-koeln.de/familienservice [↗](#)

Baby-care rooms can be found on the **location maps** [↗](#).

Studying with disabilities

Studying with children

TH Köln supports creative and innovative work in a variety of ways. For example, all students can use the *MakerSpace* at the Deutz Campus for this purpose. There you can try out 3D printers, virtual reality glasses, 5G technology and much more. You will also find support for your innovative ideas in the *Coworking Space* as well as in the *Inkubator Südstadt* and the *Cologne Game Lab Incubator* at the Mülheim Site.

The *KickStart@TH Cologne* support program offers you additional financial support of up to € 7,500 as well as coaching. And with the Certificate Entrepreneurship you can even have your commitment certified.

th-koeln.de/makerspace (in German) [↗](#)

Innovative work and experimentation

Fachschaft (Faculty Student Associations)

The Faculty Student Associations do a lot more than organizing the freshmen introductory events. Its members advise students throughout their studies. Besides providing lecture notes, they help students drawing up their timetable and provide them with information on examination regulations, e.g. what to do if you cannot take an exam due to illness and how to review your exam. You may drop by with any concerns during office hours.

By the way: A Faculty Student Association includes all students of one faculty or institute. Thus, you already became a member with your enrollment. All students can put themselves up for election. New members are welcome.

Gateway – Entrepreneurship and Start-Ups

You have an idea, want to create something new, try something and fulfill your ambitions? You have come to the right place – Gateway TH Köln provides advice and support, whether you only have a first idea or already specific questions on your start-up project. Gateway TH Köln offers young entrepreneurs advice, coaching, financing as well as co-working and networking opportunities.

Where do I find what?

TH Köln's sites

TH Köln not only impresses with its number of students but is also known for its many campus locations. Its faculties and institutions are spread out on more than six campuses – in and outside of Cologne.

Südstadt Campus

50678 Köln

TH Köln's Humanities Center is located between Ubiering and Rheinpromenade and includes the following faculties: Faculty of Applied Social Sciences, Faculty of Cultural Sciences, Faculty of Information Science and Communication Studies and the Faculty of Business, Economics and Law. Besides the headquarters of administration and the Executive Board, you also find numerous of TH Köln's service institutions that are important for our everyday student life on this campus.

Location map Südstadt Campus ↗

Claudiusstraße 1: Information Science, Economics and Insurance and Actuarial Science
Gustav-Heinemann-Ufer: University Administration (Family Services Office, Academy of Continuing Education)
Ubiering 40: Design, Restoration and Conservation Sciences
Ubiering 48: Social Sciences, Languages

Deutz Campus

Betzdorfer Str. 2., 50679 Köln

TH Köln's Faculty of Architecture and all engineering faculties are located on the right bank of the Rhine River. Some service institutions for students can also be found on the campus. With an area of 60,509 m², the Deutz Campus is the largest site of TH Köln.

Location map Deutz Campus ↗

Altbau: Faculty of Architecture, Faculty of Civil Engineering and Environmental Technology
Hochhaus: Faculty of Information, Media and Electrical Engineering, Faculty of Automotive Systems and Production, Faculty of Process Engineering, Energy and Mechanical Systems, Faculty of Spatial Development and Infrastructure Systems

With the discounted Deutschlandticket, students of TH Köln can use local public transport (ÖPNV) all across Germany. **Further information** ↗

If you have questions about the semester ticket, please contact the **AStA of TH Köln** ↗.

Mülheim Site

Schanzenstraße 28, 51063 Köln

The Cologne Game Lab, CGL for short, belongs to the Faculty of Cultural Sciences and has moved into a former industrial building together with the international filmschool (ifs). The CGL offers a study programs in Digital Games, Game Development and Research. Courses of the Bachelor's program Code & Context are also held here.

Location map Mülheim Site ↗

Leverkusen Campus

Campusplatz 1, 51379 Leverkusen

The Faculty of Applied Natural Sciences has just moved 2022 into a new building in Neue Bahnhst Opladen. The faculty's focus is set towards applied chemistry and pharmaceutical chemistry.

Location map Leverkusen Campus ↗

Gummersbach Campus

Steinmüllerallee 1, 51634 Gummersbach

Gummersbach Campus is placed in the region Bergisches Land, 50 Kilometers away from Cologne. With more than 5,000 students the Faculty of Computer Science and Engineering Science is TH Köln's largest.

Location map Gummersbach Campus ↗

Teaching and Research Centre :metabolon

Am Berkebach 1, 51789 Lindlar

The Teaching and Research Centre :metabolon was founded by the Bergischer Abfallwirtschaftsverband and the TH Köln. At the former landfill site, scientists and students work together on teaching and research projects in the fields of energy, environment and circular economy.

Location map :metabolon ↗
